

```
/*
```

Day 30 coding Statement : Write a Program to print Length of the string without using strlen() function

```
*/
```

```
package talentbattle;
```

```
import java.util.*;
```

```
public class Talentbattle {
```

```
    public static void main(String[] args) {
```

```
        // TODO code application logic here
```

```
        Scanner sc=new Scanner(System.in);
```

```
        String n;
```

```
        System.out.println("Enter string:");
```

```
        n=sc.nextLine();
```

```
        int c=0;
```

```
        for(int i=0;i<n.length();i++){
```

```
            if(n.charAt(i)!=' ')
```

```
                c++;
```

```
        }
```

```
        System.out.println(c);
```

```
    }
```

```
}
```
